## Collector joints for home solar technology

The perfect solution to connect solar collectors.

All components will be adapted to the specific requirements of the collectors.

# Collector joints for home solar technology

## Benefits:

- Customized design
- Maintenance-free
- Field proven design
- Extremely temperature and weather-resistant
- Compensates thermal expansion
- Reduces heat losses by a weather-resistant insulation
- Individual threaded union or plug connector
- Integrated ventilation possible
- Easy and problem-free installation,  
also possible without any tool

## Technical Data:

- Pressure: up to 30 bar
- Temperature: up to 250° C
- Extension: more than 30 mm
- Medium: Water, Steam, Glycol
